**PRODUCT
COMPONENT
FOR RESALE**

NRG PRODUCTS
NRG Greenboard™
Exterior Wall Cladding

NRG Greenboard™ Underslab Installation
Used in thermal resistance under slabs (cold rooms etc).

NRG Greenboard™ Greenbatts
Insulation for new and existing timber floors.

NRG Greenboard™ Sunhoods/Blades
Shading over windows and doors.

GRANULATION

Waste is first broken down using both manual and automatic granulating processes that goes back into EPS Block.

SHREDDING

Waste is shredded in order for it to be melted back down, pelletised and put back into expanded polystyrene (EPS) products
